June 16, 2010

Dear Web Customer:

As we near our 25<sup>th</sup> anniversary in business, we are making a few changes. We have made the decision to eliminate our Collegiate program. We have and are adding new designs to our current offerings as well as discontinuing a few designs. Any discontinued products can still be ordered, if needed, provided they are ordered in case lots. The exception to this would be any licensed products. Once these are discontinued, we end the license agreement and are no longer able to offer them.

At the end of the business day on Friday (5:00 p.m. EST), we will be making some changes on our website that reflect the new product offerings in our newest catalog. These changes include some minor price increases as well as a couple of price decreases. If you order during the process of changing, your order may reflect varying prices. We will correct these inhouse as the orders arrive. As stated, if you place your order prior to 5:00 p.m. EST on Friday, June 18, 2010, it will reflect the old prices. After that time, all orders will reflect our new pricing.

We are excited about the coming months and look forward to working with you. As you will note above, I work from my home. You can reach me at any time with questions, comments, or concerns.

Thank you for your interest in Simply Home!

Sincerely,

Ruby J. Machi  
National Sales Manager
